This is NTPC School News with Diane Sawyer. We interviewed several people about the new policy.

Mike	School uniforms can't help us study easier or better. Also, students cannot show their <u>individuality</u> in school uniforms. By wearing what we like, we can show us and then let people understand us more.
Sara	I love school uniforms because ours is beautiful. However, I think it is time to design a new one. I hope everyone has a chance to share his idea. Then we can choose the best one of all.
Kate	Students should focus on their studies but not on their clothes. I have to buy my son something more important and useful, but not beautiful clothes. I think school uniforms can save parents money.
Tony	School uniforms make it easier to get ready for school. They make it more possible for students to get to school on time. Besides, they may give people a sense of belonging.
Judy	Teenagers all want to be cool. I hope we can wear what we want on several appointed days and just wear uniforms on other days. This way, students have a chance to look cool and parents don't have to worry about spending too much money on beautiful clothes.

Have you decided to welcome a new pet into your home? If you have, remember to get one from an animal shelter, not from a pet shop. Shelters have many different kinds of animals, from cats and dogs to birds and other small animals. The animals have been looking for new homes, and there are many great reasons for adopting them from shelters.

Each year, about 2.7 million dogs and cats are euthanized in the United States, not because they are seriously sick, but because the shelters are too crowded. So when you adopt a pet from a shelter, you are not only saving an animal's life but also making room for another animal. Also, if you buy a dog from a shop, it means that you are possibly getting it from a puppy mill. The news said that dogs in a puppy mill were kept in cages all day and poorly fed. When they were too weak or too sick to have any more puppies, they were usually thrown away like trash. What's worse, when their prices fell, the mill owners killed them to save the cost. If we stop buying animals from pet shops, there will be no more puppy mills.

Now, are you prepared to make a pet be part of your family? Adopt one as your best friend, and you will make your world and a homeless animal's life better. What could be better than that?
